Sales & Service:

# MH-1641 / MH-1645

Premium single needle lockstitch sewing machine with compound or triple feeding system for accurate material transport. Equipped with energy efficient, fully integrated 750W sewing drive and built-in electronic control for electromagnetic thread trimmer, electro-pneumatic sewing foot lift, backtacking and thread clamp.

The enhanced clearance under the sewing arm allows easy handling of your sewing goods. The self explanatory, integrated control panel allows for easy change of sewing parameters at your finger tip.

Suitable for all sewing operations in medium-heavy material such as upholstery, automotive, leather goods and technical textiles.

Dial for easy adjustment of sewing foot alternation up to 5.5mm.
Improved bobbin winder for ease of operation.

Built-in thread clamp for neat seam beginnings, pulling the needle thread to the bottom.

Fully integrated and powerful 750W sewing drive for fast ramp up and reliable sewing stop to achive an accurate sewing result in each seam.
